

AAA

by **Artigellence**

SAMPLE — DEMONSTRATION ONLY · NOT FOR EXECUTION · FILLABLE · SYDNEY NSW · AUGUST 2026

SAMPLE · MUTUAL NDA & ENGAGEMENT TERMS · AAA-NDA-003 · AUGUST 2026 · SYDNEY NSW

What you sign — *before* you sign it.

This is a representative sample of the two documents used in every AAA engagement: a mutual non-disclosure agreement, and one page of engagement terms. You see both in full before you commit to anything. Nothing here is hidden, and nothing surprising appears later.

SAMPLE — DEMONSTRATION ONLY · NOT FOR EXECUTION · NOT BINDING. The executed version is generated for each client and may include additional clauses (data residency, regulated-industry carve-outs, employee-coverage extensions, liability limits). This sample is current at August 2026 and remains subject to legal review and refinement. AAA by Artigellence is a business automation and AI services provider, not a law firm; you should take your own legal advice before signing anything. Legal and compliance enquiries: raj@artigellence.com.

Part One — Mutual *Non-Disclosure Agreement*

1 · PARTIES

This Mutual Non-Disclosure Agreement (“Agreement”) is entered into between **(a)** AAA by Artigellence, operating as Artigellence Augmentation Aggregator (ABN 83 988 690 362) of Sydney NSW, Australia (“AAA”); and **(b)** _____ of _____ (“Client”) — each a “Party” and together the “Parties”.

2 · PURPOSE

The Parties wish to explore a potential engagement involving AAA’s AI automation, agent-delivery and growth services (“Purpose”). For this Purpose each Party may disclose Confidential Information to the other. Either Party may end these discussions at any time; this Agreement continues to protect what was already shared.

3 · CONFIDENTIAL INFORMATION

“Confidential Information” means any non-public information disclosed by either Party, including without limitation: operational data, customer and contact lists, financial figures, system credentials, internal workflows and pricing; and on AAA’s side its architecture, prompts, agent configurations and methods. It includes information disclosed orally, in writing, in a document, in a demonstration, or through access to a system.

4 · OBLIGATIONS

Each Party agrees to: **(a)** keep the other’s Confidential Information strictly confidential; **(b)** use it solely for the Purpose; **(c)** not disclose it to any third party without prior written consent, except to its own personnel and professional advisers who need it and are bound by equivalent obligations; **(d)** protect it with the same care it uses for its own confidential information, and no less than reasonable care; and **(e)** on written request, return or destroy it, subject to any record-keeping required by law.

5 · AI TOOLS & PROCESSING

AAA uses commercial AI platforms in its delivery work. Where Client Confidential Information is processed using such tools, AAA will use business or enterprise tiers whose terms exclude the use of submitted data for model training, and will agree with the Client in writing, before any engagement begins, which systems and data categories may be processed and which may not.

6 · EXCLUSIONS

This Agreement does not apply to information that is or becomes publicly known through no fault of the receiving Party, was lawfully known before disclosure, is independently developed without reference to the disclosed information, or is required to be disclosed by Australian law or court order — with prompt notice to the disclosing Party where lawful.

7 · TERM

This Agreement is effective from the date last signed below and continues for two (2) years. Confidentiality obligations survive termination indefinitely for information identified as a trade secret.

8 · GOVERNING LAW

This Agreement is governed by the laws of New South Wales, Australia, and the Parties submit to the exclusive jurisdiction of the courts of NSW.

Part Two — Engagement Terms

Read together with the Mutual NDA above. Scoped per client, agreed in writing before anything starts.

CLAUSE 1 · THE DELIVERY RULE · AAA-RULE-001 · THIS CLAUSE GOVERNS EVERY OTHER ONE

Work is delivered in weekly pieces. An undelivered piece is never invoiced. The Client may stop at the end of any week and keep everything built to that point — including its source code.

“Delivered” means built, working, and handed over as agreed in writing. Payment is due on handover — not after a testing period, and not once any number moves. **No fee under these terms is contingent on an outcome, a KPI or an uplift figure, in either direction.** The Client is never exposed for more than one undelivered week.

2 · ENGAGEMENT, SCOPE & FEE

AAA will design, build and, where agreed, operate [the agreed scope — e.g. AI agents, automation, growth engine and supporting infrastructure] as agreed between the Parties in writing. The engagement fee is A\$ [TOTAL] (incl GST), staged as scheduled below. No change to scope or fees applies without both Parties’ written agreement; email or WhatsApp confirmation is sufficient.

STAGE	DUE	AMOUNT (AUD INCL GST)
Phase 0 — pilot one agent live on the Client’s real data by day 10	On acceptance · watched working by day 10 · every cent refundable to day 30	A\$4,500
Stage 1 — [scope item]	On delivery · 7-day terms	A\$[X]
Stage 2 — [scope item]	On delivery · 7-day terms	A\$[X]
Ongoing — retainer, if agreed [Full / Lite]	Monthly · month to month	A\$[X]/mo

STAGE	DUE	AMOUNT (AUD INCL GST)
Ongoing — Traction, if agreed [Presence / Engine / Growth]	Monthly · month one delivered before the first invoice	A\$[X]/mo
Total engagement fee	[TERM]	A\$[TOTAL]

3 · SCOPE OF WORK

The engagement covers, as the working baseline: **(a)** [deliverable]; **(b)** [deliverable]; **(c)** [deliverable]; **(d)** a dashboard and tracking, shared openly with the Client; and **(e)** the weekly report at clause 5. Detailed scope is agreed at kickoff against the Client’s Baseline Sheet and reviewed at each scheduled review. Anything outside the agreed page is quoted in writing before it starts — never added to an invoice afterwards.

4 · OWNERSHIP & INTELLECTUAL PROPERTY

On payment for the relevant stage, the Client owns all deliverables produced for it: agents, prompts, configurations, source code, documentation, credentials, content, accounts and data. Everything is built in the Client’s own accounts and systems wherever technically possible. On exit, AAA provides a transition pack — documentation, credentials and code — at no additional charge. **There is no lock-in, no exit fee, and nothing is rented back to the Client.** AAA retains ownership of its own pre-existing methods, templates and tooling, and grants the Client a perpetual licence to keep using them within the delivered work.

5 · REPORTING & MEASUREMENT

AAA provides a written update each week covering work shipped, live metrics against the Baseline Sheet, and next steps. All analytics generated during the engagement — dashboards, logs, attribution and performance records — are shared openly throughout: both Parties read the same numbers. **Measurement keeps both Parties honest; it is not a payment lever.** A call or meeting is held whenever either Party asks.

6 · SCHEDULED REVIEW

The Parties review progress every two to four weeks against the Baseline Sheet. Either Party may propose a change to scope or budget at review; any change is agreed in writing before it takes effect. **No increase ever applies automatically.** If the agreed numbers have not moved by the agreed checkpoint, AAA will say so first, with what it would change or whether the Client should stop.

7 · RUN-COSTS

Third-party LLM, API, hosting, SaaS and advertising costs are paid by the Client directly, or passed through at cost with evidence — **not marked up**, ever. Indicative run-costs are scoped in writing before commitment, and material changes are flagged before they are incurred.

8 · DATA PROTECTION & COMPLIANCE

AAA handles Client data in line with the Privacy Act 1988 (Cth) and, for any outbound messaging built under this engagement, the Spam Act 2003 (Cth) — sender identification and one-tap unsubscribe by default. Access to Client systems is least-privilege and agreed in writing. Human approval is required for any automated action that is customer-facing or moves money, unless the Client instructs otherwise in writing. Each Party remains responsible for its own regulatory and licensing obligations.

9 · TERMINATION

Either Party may end the engagement at the close of any weekly delivery cycle, on written notice. Monthly services (retainers and Traction) may be cancelled with effect from the end of the current paid month. On termination, the Client keeps everything delivered and paid for, receives the transition pack, and owes nothing further. Undelivered stages are simply not invoiced.

10 · GENERAL

Amounts are in Australian dollars and include GST unless stated otherwise. These terms, together with the Mutual NDA above, form the whole agreement between the Parties for the engagement, and are governed by the laws of New South Wales, Australia.

---	---

In plain words — what these two pages *actually* promise

THE CLAUSE	WHAT IT MEANS FOR YOU
Delivery rule (clause 1)	You never pay for something you have not seen working. The most you can ever have at risk is one week of undelivered work — and the pilot adds a full refund window on top of that.
Ownership (clause 4)	If you walk away in month two or month twenty, everything built keeps running and it is yours — code included, with a transition pack, at no charge.
Measurement (clauses 5-6)	Numbers are shared, not reported selectively. If they are not moving you hear it from AAA first — including a recommendation to stop, if that is the honest one.
No outcome-contingent fees	Nobody honest guarantees revenue, so AAA does not charge on it either — in either direction. You are buying delivered work, measured openly.
Termination (clause 9)	Ending it is a sentence in an email at the close of a delivery cycle. No exit fee, no minimum term, no clawback.
ALSO WORTH KNOWING	BECAUSE IT IS WHERE AGREEMENTS USUALLY GET SLIPPERY
Run-costs (clause 7)	AI, hosting and advertising bills are yours, at cost, on your own card or passed through with evidence. AAA takes no margin on someone else’s invoice, and flags material changes before they are incurred.
Human approval (clause 8)	Nothing customer-facing and nothing that moves money goes out automatically unless you say so in writing. Automation without a gate is how businesses get embarrassed; the gate is the default.

HOW THIS USUALLY GOES

You ask for these documents; you read them, or your adviser does. Anything you want changed is discussed before either signature. The NDA is signed first if you want to share anything sensitive; the engagement terms once the first stage is scoped and priced in writing. **No money moves until both pages are signed and the first piece is scheduled** — and after that, no money moves for anything that has not been delivered.
